RE: PETITION FOR ALLOCATION

Dear Ms. Schouerle:

Please accept this correspondence as a request to petition the Federal Communications Commission to allocate Channel 257 A (99.3 mhz) to Cedar Key, Florida under part 73.202 (B) of the Rules and Regulations.

Having conducted a computerized search of the FM Broadcast Band for Cedar Key, Florida, I have discovered that this frequency will comfortably fit, and it will enable the public to be more greatly served by means of this new radio station.

Should the Commission allocate this channel, I, or an entity created by me for the proposal, will make application on it, and if successfully awarded the privilege to construct and operate the facility, I will program a format catering to the needs of Cedar Key, Florida and the surrounding area.

I am enclosing five (5) copies of this proposal. Please stamp one copy and return it to me in the prepaid, self addressed, stamped envelope. If you have any questions, kindly contact the undersigned.

Respectfully,
